Continuation of Substance of Interview including description of the general nature of what was discussed: Examiner Staicovici indicated that in claim 31, line 3, the limitation of "the long axis" does not have antecedent basis. Further, Examiner Staicovici indicated that claims 21-30 are drawn to a non-elected invention. Ms. Briana K. O'Regan agreed to cancel non-elected claims 21-30 and to amend claims 31 and 33 in order to provide clear and supported claim language to define the claims over the art of record (see Examiner's amendment).
